

TECHNICAL DATA SHEET

RASPBERRY PUREE FROZEN 26/30°BRIX

ORIGIN: South Africa

DESCRIPTION

Raspberry Puree Frozen 26/30°Brix is a reddish viscous product, produced from mature raspberries. The product is safe to use as an ingredient in beverages and other foodstuffs. Product is packed frozen into drums.

PROCESS

Raspberries are sorted before being pulped. The raspberry puree is concentrated and pasteurized. No clarification is done and the product contains natural raspberry fibre. Ascorbic acid is added as a processing aid. The puree is manufactured under sanitary conditions appropriate for food products, in compliance with applicable laws and regulations including Good Manufacturing Practises (GMP).

ORGANOLEPTIC

A reddish puree with a smooth consistency. Product has a typical raspberry appearance, aroma and taste with no off-taste or off-odour.

PACKAGING

Product is packed into open top drums with lids. Safe guarded to prevent tampering. Primary packaging comply with relevant EU regulations.

SHELF LIFE

Shelf life is 24 months at frozen storage ($\leq -18^{\circ}\text{C}$) to maintain sensory, microbiological and physiochemical integrity of the product.

CHEMICAL/ PHYSICAL

°Brix	26 - 30
Acidity as Citric acid (%)	2.5 - 7.0
pH	2.5 - 3.5
Colour (Hunter Lab)	L:18 - 30, a:15 - 35, b:<11
Screen size (mm)	0.3 - 1.0
Solids (%)	≥ 20

MICROBIOLOGICAL

Total plate count (cfu/ml)	≤ 300
Yeast (cfu/ml)	≤ 100
Moulds (cfu/ml)	≤ 10
Heat resistant mould (cfu/ml)	≤ 10
E.coli and Coliforms (cfu/ml)	No Growth
Alicyclobacillus Bacteria (cfu/10g)	No Growth

NUTRITIONAL / 100g

Energy (kJ)	533	Carbohydrate (g)	23
Protein (g)	2.6	Of which sugar (g)	20.5
Total Fat (g)	<0.05	Saturated Fat (g)	0
Dietary Fibre (g)	1.0	Sodium (mg)	11

REGULATORY STATEMENTS & CERTIFICATIONS

RASPBERRY PUREE FROZEN 26/30°BRIX

ORIGIN: South Africa

INGREDIENTS:	Product is processed from raspberries with no added sugars, colorants, syrups, artificial sweeteners, artificial flavours or preservatives. Ascorbic acid is added as a processing aid.
CONTAMINANTS & PESTICIDE RESIDUES:	Meet applicable maximum limits for certain contaminants in food and maximum pesticide residue levels as per RSA and EU regulations.
NON-GMO DECLARATION:	Product is free from genetically modified organisms and is compliant with applicable regulation and legislation, concerning the traceability and labelling of genetically modified organisms.
ALLERGENS:	Product is free from allergens as listed below: Peanuts and products thereof; Mustard and products thereof, Cereals containing gluten and products thereof, Sesame seeds and products thereof, Lupin and products thereof, Molluscs and products thereof, Milk and products thereof (including lactose), Tree nuts and products thereof, Crustaceans and products thereof, Fish and products thereof, Celery and products thereof, Soybeans and products thereof, Eggs and products of products thereof, Sulphur dioxide and sulphites.
VEGETARIAN:	Product is suitable for strict vegetarians.
IRRADIATION:	Product is not irradiated and does not contain any radioactive substances.
IONIZATION:	Product is not made from, nor does it contain, any ionized ingredients.
AUTHENTICITY:	Programme in place to ensure that product has not been subject to food fraud and product is subject to authenticity testing via a voluntary control programme i.e. SGF.
LABELLING:	Product label contains the following information: Product Name, Batch number, Production date, Shelf life, Drum number, Net weight, Storage conditions, Status of Allergens and Additives, Manufacturer name and address.
LOT CODE:	Each batch code is a unique number which is used for identification of a production lot. This is a consecutive running number which provides full traceability. This unique number is indicated on each Certificate of Analysis.
RELIGIOUS STATUS:	Kosher (Parev) and Halaal certified.
QUALITY DECLARATION:	Frozen fruit purees supplied by Ceres Fruit Processors (Pty) Ltd are of FOOD GRADE QUALITY. Production process is controlled by a certified FSSC22000 Food Safety Management System. Product is free from foreign matter and fit for human consumption, but needs to be diluted before use.
